***Detailed Action***

This is the second Office Action corresponding to amendment filed Dec 2, 2004. The application contains 37 claims. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

***Claim Rejections - 35 USC § 102***

Claims 1-4, 9, 11, and 31-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Fujimoto (Pat No 4,893,773).

The patent to Fujimoto shows a bracket capable of securing a box to a support comprising a first leg (3), a second leg (1), a third leg (2), a cut-out extending from the first leg onto the third leg, an adjustable member (5). Figure 4 shows the second leg being substantially parallel to and extending in the same direction of the first leg.

***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claim 10 is rejected under 35 U.S.C. 103(a) as being unpatentable over Fujimoto.

Art Unit: 3632

The material from which a device is made is considered to be an obvious matter of engineering choice having no patentable significance.

*Allowable Subject Matter*

Claims 14-30, and 35-37 are considered to be allowed over the art of record.

Claims 5-8, 12 and 13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Response to Arguments*

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

*Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
